

HP Compaq 6910p Keyboard Replacement

This guide will show you how to remove the keyboard of an HP Compaq 6910p.

Written By: Tyler Fricks

INTRODUCTION

In this guide, we will illustrate how to remove and possibly replace the keyboard of this device. The only tools required are thumbs and a Phillips screwdriver.

TOOLS:

- [Phillips #1 Screwdriver](#) (1)
-

Step 1 — Keyboard

- Loosen the three 1.5 cm Phillips #1 screws for the keyboard on the back of the laptop.

Step 2

- Slide the indicated tabs upward to release the keyboard.

Step 3

- Lift up the keyboard.
 - Release both cables that attach the keyboard to the laptop by lifting up the indicated release latches.
- i** If you are having trouble, use a flat-headed screwdriver to lift up the release latches.

To reassemble your device, follow these instructions in reverse order.
